Dear Mr. Lacombe,

I was visiting Professor Uhlenbeck yesterday and he showed me the review of my thesis you had been kind enough to write for the Bull. Soc. Ling. Perhaps, if it is not asking too much, you would oblige me by letting me have fuller information as to the difficulties in the texts due to the lack of notes. It is my intention to attempt work of this kind again at a later date and you would therefore be doing me a great service by sending me information on above and also any other points, e.g. phonetics, which you think might have been treated more fully or in another

way. Next time I hope to have  
a longer stay in the Basque  
country and to be able to use  
that stay to better purpose  
as a result of the remarks  
and hints of Bascologists like  
yourself. Hoping that I am not  
taking up too much of your  
valuable time,

yours sincerely,

W. Kollo.
